Hello to coaches and friends of FIRST Tech Challenge in North Texas,

This short message is going out to all FTC affiliated folks from the last three years with three items of interest!

First, there will be at least one North Texas FTC game kickoff on Sept. 10<sup>th</sup>. The confirmed kickoff will be at UT Dallas in Richardson. More info will go out to coaches who have registered for this season already with FIRST.

Second, there is a webinar in two days on 8/24 at 7:30pm about last year's league experience. The sign up link is <http://www.flyset.org/events-2/upcoming-events/2016-emerald-league-experience-webinar/> The same teams leading the webinar are also hosting a PTC workshop on Sat the 27<sup>th</sup>. Click on the events at <http://www.flyset.org/events-2/upcoming-events/> for more info and to register.

Third, North Texas is going to play in leagues! All teams will be assigned to a league. Coaches will form the league committee to arrange three league meets and the league tournament for their league. More info will be coming about the league assignments. Most leagues will be based on geographic convenience although some school districts may have internal leagues. Registered teams should look for this info after kickoff!

If you are a friend of FIRST Tech Challenge and want to stay connected, sign up at [www.SignUpGenius.com/go/10C0A45AEAC2E5-first](http://www.SignUpGenius.com/go/10C0A45AEAC2E5-first) to stay informed about FTC in N TX!

Gonna be a great year!

Carter Tiernan and Dave Davis
